RE: Municipal Arterial Program Cooperative Agreement HW2L500689

ITEM AND ISSUE:

Request for Approval of a Municipal Arterial Program Cooperative Agreement (HW2L500689) with the New Mexico Department of Transportation (NMDOT) in the Total Amount of \$285,668 for the Reconstruction of Henry Lynch Road Between Rufina Street and Agua Fria Street. (Romella Glorioso-Moss, Capital Projects Manager, rsglorioso-moss@santafenm.gov)

Request for the Approval of a Budget Adjustment Request (BAR) in the Total Amount of \$285,668 using \$214,251 NMDOT Funding and \$71,417 in City Road Impact Fees for the Reconstruction of Henry Lynch Road. (Romella Glorioso-Moss, Capital Projects Manager, rsglorioso-moss@santafenm.gov)

BACKGROUND AND SUMMARY:

The City seeks approval to enter into a Municipal Arterial Program (MAP) Cooperative Agreement with the New Mexico Department of Transportation (NMDOT), Control No. HW2L500689, to receive state funding for roadway improvements on Henry Lynch Road between Rufina Street and Agua Fria Street.

Under the Agreement, NMDOT will provide 75% of the project funding, in the amount of \$214,251, and the City will provide the required 25% local match of \$71,417, for a total MAP award of \$285,668. The Agreement is authorized pursuant to NMSA 1978, Sections 67-3-28 and 67-3-28.2, and State Transportation Commission Policy No. 44.

The Agreement is effective through June 30, 2028. Section 1 of the Agreement provides that MAP funds may be used for planning, design, construction, reconstruction, pavement rehabilitation, construction management, drainage, and miscellaneous improvements.

Henry Lynch Road is located within both City and County jurisdictions. The City has jurisdiction over the segment from Rufina Street to Wolford Lane, while Santa Fe County has jurisdiction over the segment from Wolford Lane to Agua Fria Street. To facilitate implementation of the overall project, the City and County have approved separate Memoranda

of Agreement addressing engineering design and construction. These agreements establish the City of Santa Fe as the lead agency for design and construction activities, including the pursuit and administration of funding applications.

The City has actively pursued multiple funding sources to support the reconstruction of Henry Lynch Road. The MAP funding provided through this Agreement represents one component of the City's overall funding strategy for this important transportation improvement project.

The overall Henry Lynch Road project is anticipated to include the following improvements:

- Construction of two 10-foot travel lanes;
- Construction of ADA-compliant sidewalks on both sides of the roadway;
- Construction of separated bicycle lanes;
- Installation of curb and gutter;
- Stormwater drainage improvements to reduce flooding and improve roadway resilience; and
- Construction of a modern roundabout at the intersection of Henry Lynch Road and Agua Fria Street.

The estimated construction cost for the overall project is approximately \$15 million. The MAP award of \$285,668 will provide a portion of the funding needed to advance these improvements.

The proposed improvements support the City's Complete Streets policies by improving safety, accessibility, drainage, and multimodal connectivity for all roadway users. Acceptance of the MAP Cooperative Agreement will provide additional state funding to advance the reconstruction of Henry Lynch Road, an important transportation corridor in western Santa Fe.
