

APPLICATION RESOURCES

PLANNING AND LAND USE DEPARTMENT RESOURCES

MISSION: The mission of the Planning Division is to review development applications for compliance with the City's [land development code](#) and department policies while providing information, guidance, and the highest possible level of customer service to applicants, neighborhoods, and the City's quasi-judicial decision-making bodies.

OFFICE: Santa Fe City Hall 200 Lincoln Avenue Santa Fe, NM 87501

WEBSITE: <https://santafenm.gov/land-use/current-planning>

CURRENT AND UPCOMING PUBLIC MEETINGS: <https://santafe.primegov.com/public/portal>

INTERACTIVE GIS MAPS: <https://santafenm.gov/information-technology-telecommunications/gis>

SANTA FE CITY CODE (SFCC): https://library.municode.com/nm/santa_fe/codes/code_of_ordinances

APPLICATION SUBMISSION AND FEES: All applications shall be submitted electronically as PDF files to planning@santafenm.gov. Incomplete applications, including those missing required submittals will be returned without processing. Application fees will be assessed and invoiced upon acceptance of the application for initial review. Fee tables may be viewed [online](#).

GENERAL QUESTIONS: zoningcounter@santafenm.gov

DEVELOPMENT REVIEW PROCESS

PRE-APPLICATION PHASE

For many applications, the development review process begins with a pre-application conference, where the applicant presents their proposal to the City's Development Review Team (DRT) for initial review and feedback. If the applicant wishes to proceed, a city planner is assigned to assist the applicant through the remaining steps of the process. For administratively reviewed applications, a pre-application conference is usually not required.

For all applications requiring a hearing before a land use board, the applicant shall schedule, notice and host an early neighborhood notification (ENN) meeting in coordination with the city planner. The intent of the ENN is to provide for an exchange of information among the applicant, residents, and property owners, prior to application submittal. ENN notification requirements are set forth in [SFCC §14-3.1\(H\)](#). Applications that qualify for administrative review and some variances are not required to conduct an ENN meeting.

DEVELOPMENT REVIEW PHASE

Once an application and all required submittals are prepared by the applicant, they or their agent submits the Application to the City via planning@santafenm.gov. The applicant will receive an email confirming receipt of the application, and an invoice for applicable development fees which can be paid online or at the cashier's office at City Hall. The city planner and the DRT review the application for completeness and compliance with all applicable codes, ordinances, plans and regulations. During the review process, the city planner or members of the DRT may request additional information or amendments from the applicant to complete the review process. The review timeline can range for 9-12 weeks or more depending on the complexity of the application and the total number of cases under review.

PUBLIC HEARING PHASE

When the City determines that the application is complete, the case is scheduled for a public hearing before the applicable Land Use Board. Notification requirements for public hearings are set forth in [SFCC §14-3.1\(H\)](#). If the application is approved at the public hearing, the city planner will prepare the findings of fact and conclusions of law (FOFCOL) documenting the approval findings, any conditions of approval and an expiration date for the approval, as required.

POST APPROVAL PHASE

When the applicant has met all necessary conditions of approval and technical corrections, the plan or plat is recorded at the County Clerk's office and filed with the City's plat room. The case planner prepares an action letter detailing the approval record. The applicant may then proceed to building permitting and construction.

If you have questions about the requirements please contact your assigned case planner or planning@santafenm.gov.

LAND DEVELOPMENT CODE REFERENCE

EARLY NEIGHBORHOOD NOTIFICATION PROCEDURES ([SECTION 14-3.1\(F\)SFCC](#))

Intent: The early neighborhood notification meeting (ENN) is intended to provide for an exchange of information between the applicant and residents and property owners in affected neighborhoods before plans become too firm to respond meaningfully to community input and before changes in plans might cause major financial losses by the applicant.

Applicability: Generally, an ENN is required for all projects heard before a land use board or the governing body.

ENN Scheduling; Notice Required: ENN's shall be scheduled in coordination with city staff, prior to issuing notice. The applicant is responsible for providing notice of the ENN in accordance with [Subsection 14-3.1\(H\)](#).

ENN's are scheduled Monday - Thursday from 5:30 PM to 7:00 PM based on staff availability. ENN's are hosted by the applicant on Zoom.

All ENN's are posted on the City's Primegov portal: <https://santafe.primegov.com/public/portal>

ENN Procedures: ENN's must take place at least ten days before an application is submitted to the City. The applicant is responsible for hosting the meeting and providing information on the proposal addressing the ENN Guidelines. Staff is present at the ENN meeting to acquaint the applicant and community with the provisions of city ordinances, applicable code standards and the development review process. The applicant presents schematic or preliminary plans for the proposed project and a drawing or other graphical representation suitable to reasonably indicate streets and structures within a two hundred (200) foot radius from the perimeter of the property that is the subject of the application. Following the presentation the community is invited to ask questions, provide feedback and comments on the proposal.

ENN Guidelines: The guidelines listed below are explained in further detail and are to be filled out in the following pages of this application.

- a. Effect on character and appearance of surrounding neighborhoods
- b. Effect on protection of physical environment
- c. Impacts on prehistoric, historic, archaeological or cultural sites or structures, including acequias and historic downtown
- d. Relationship to existing density and land use within surrounding area and with land uses and densities proposed by the general plan
- e. Effects on pedestrian or vehicular traffic and access to services
- f. Impact on economic base of Santa Fe
- g. Effect on availability of affordable housing and availability of housing choices
- h. Effect on public services and infrastructure elements
- i. Impacts on water supply, availability and conservation methods
- j. Effect on opportunities for community integration and social balance
- k. Effect on urban form

SUBMITTAL CHECKLIST

Submittal requirements may vary based on the individual application. The City reserves the right to request additional information during the review process. Please submit each of the following items as separate PDF files saved with unique and descriptive file names:

- | | |
|--|--|
| ☒ County parcel map depicting properties within 300 feet of the properties' perimeter (available from County Assessor's) | ☒ Draft notification poster |
| ☒ ENN meeting notification guidelines | ☒ Draft neighborhood notice letter |
| ☒ Legal lot of record | ☒ Site Plan with vicinity map |
| ☒ Notification mailing list, including neighborhood associations | |

PROJECT INFORMATION

Project Name: Romero Family Transfer	
Address: 1835 Paseo de la Conquistadora, Santa Fe, NM 87501	Parcel Size: 1.041
Zoning: R-5	Future Land Use: R-LOW (3-7 dwellings/acre)
Pre-application Conference Date:	
Project Description:	Family Transfer Subdivision to create five single-family residential lots. The project includes a variance and/or Planning Commission approval pursuant to Chapters 14-6.5E.7 and 14-6.5E.8.III.V, to allow the existing private driveway to remain as a designated private base course driveway, to be widened to 22 feet.

PROPERTY OWNER INFORMATION

Name (First, Last): John & Nicole Romero and Aaron & Amanda Romero		
Address: 1838 Paseo de la Conquistadora		
Street Address	Suite/Unit #	
Santa Fe	NM	87501
City	State	ZIP Code
Phone: 505-554-8307	E-mail Address: johngromero@gmail.com	

APPLICANT/AGENT INFORMATION (IF DIFFERENT FROM OWNER)

Name (First, Last): Victoria Dalton - Dalton Land Insights LLC.		
Address: 915 Mercer Street		
Street Address	Suite/Unit #	
Santa Fe	NM	87505
City	State	ZIP Code
Phone: 505-983-5588	E-mail Address: victoria@jwsiebert.com	

AGENT AUTHORIZATION (IF APPLICABLE)

I am/We are the owner(s) and record title holder(s) of the property located at: victoria@jwsiebert.com		
I/we authorize Dalton Land Insights, LLC to act as my/our agent to execute this application.		
Signed: See signed and notarized authorization under separate cover	Date: August 12, 2026	
Signed:	Date:	

PROPOSED ENN MEETING DATES

Please provide 2 options	Preferred Option	Alternative Option
Date:	Sept. 21, 2026	Sept. 24, 2026

ENN Policies:

- ENN's are scheduled in coordination with City staff; Monday - Thursday; 5:30 PM to 7:00 PM
- ENN notice affidavit must be submitted on the notice date (15 days prior to the ENN)
- ENN's are hosted by the applicant on their Zoom account (Minimum Pro Plan)
- ENN's must be recorded by the applicant
- ENN's are valid for one year

ENN MEETING GUIDELINES

The applicant and neighborhood shall use the guidelines below to assist them in discussing the project at the ENN. The guidelines are based on the requirements of Chapter 14 and the general plan and other formally adopted city plans. Responses from all participants shall be provided to the land use board prior to hearing the application.

Please address each of the discussion items below. Each discussion item is based on the Early Neighborhood Notification (ENN) guidelines for meetings, and can be found in [Section 14-3.1\(F\)\(5\) SFCC 2001](#). A short narrative should address each item (if applicable) in order to facilitate discussion of the project at the ENN meeting. Responses should be submitted with the application for an ENN meeting to enable staff enough time to distribute to the interested parties. For additional detail consult the Land Development Code.

A. EFFECT ON CHARACTER AND APPEARANCE OF THE SURROUNDING NEIGHBORHOODS For example:

number of stories, average setbacks, mass and scale, landscaping, lighting, access to public places, open spaces and trails.

The proposed subdivision will create a limited number of single-family residential lots that are compatible with the surrounding neighborhood. The project is intended to maintain the existing residential character including the private road that has provided access to the existing family lots for over forty (40) years. The subject road is currently under private ownership by the immediate adjoining lots/homes owned mostly family members and family friends.

Although it has not been determined whether the homes will be single or two story, compliance with the city code will ensure the proposed homes and meet required height and setbacks. Access to Agua Fria Street and Camino Conquistadora is accesible for all residents and visitors of the "family compound"

B. EFFECT ON PROTECTION OF THE PHYSICAL ENVIRONMENT For example: trees, open space, rivers, arroyos,

floodplains, rock outcroppings, escarpments, trash generation, fire risk, hazardous materials, easements, etc.

The subject property is void of natural vegetation, and is not nearby nor does it have an effect on rivers, arroyos, floodplains, rock outcroppings and escarpments. Open space will comply with the city code requirements at the time of construction of the proposed lots.

C. IMPACTS ON ANY PREHISTORIC, HISTORIC, ARCHAEOLOGICAL OR CULTURAL SITES OR STRUCTURES, INCLUDING ACEQUIAS AND THE HISTORIC DOWNTOWN For example: the project's compatibility with historic or cultural sites located on the property where the project is proposed.

The subject property is within the River and Trails archaeological district and is below the requirement to submit an archaeological clearance. There are no acequias within or in the nearby vicinity and is not located within the Historic Downtown designated area.

D. RELATIONSHIP TO EXISTING DENSITY AND LAND USE WITHIN THE SURROUNDING AREA AND WITH LAND USES AND DENSITIES PROPOSED BY THE CITY GENERAL PLAN For example: how are existing City Code requirements for annexation and rezoning, the Historic Districts, and the General Plan and other policies being met.

The subject property along with the surrounding areas are zoned R-5 (5/dwellings/acre) and existing densities are consistent with R-5 zoning.

E. EFFECTS ON PARKING, TRAFFIC PATTERNS, CONGESTION, PEDESTRIAN SAFETY, IMPACTS OF THE PROJECT ON THE FLOW OF PEDESTRIAN OR VEHICULAR TRAFFIC AND PROVISION OF ACCESS FOR THE DISABLED, CHILDREN, LOW-INCOME AND ELDERLY TO SERVICES For example: increased access to public transportation, alternate transportation modes, traffic mitigation, cumulative traffic impacts, pedestrian access to destinations and new or improved pedestrian trails.

The project will generate traffic consistent with a small number of single-family homes. Improvements to the existing private driveway, including the addition of all weather access and emergency vehicle turnaround, will enhance access and public safety. Two parking spaces for each lot will be provided upon individual development of the proposed lots.

F. IMPACT ON THE ECONOMIC BASE OF SANTA FE For example: availability of jobs to Santa Fe residents; market impacts on local businesses; and how the project supports economic development efforts to improve living standards of neighborhoods and their businesses.

The project represents an investment in the local community through the construction of new single-family homes and infrastructure improvements. Development of the homes will support local contractors, suppliers, and related businesses while providing long-term housing opportunities for future generations of a Santa Fe family.

G. EFFECT ON THE AVAILABILITY OF AFFORDABLE HOUSING AND AVAILABILITY OF HOUSING CHOICES FOR ALL SANTA FE RESIDENTS For example: creation, retention, or improvement of affordable housing; how the project contributes to serving different ages, incomes, and family sizes; the creation or retention of affordable business space.

The Family Transfer Subdivision creates opportunities for future generations of one Santa Fe family to remain in the community. The project preserves long-term family ownership while providing additional single-family housing within an established neighborhood.

H. EFFECT UPON PUBLIC SERVICES SUCH AS FIRE, POLICE PROTECTION, SCHOOL SERVICES AND OTHER PUBLIC SERVICES OR INFRASTRUCTURE ELEMENTS SUCH AS WATER, POWER, SEWER, COMMUNICATIONS, BUS SYSTEMS, COMMUTER OR OTHER SERVICES OR FACILITIES For example: whether or how the project maximizes the efficient use or improvement of existing infrastructure; and whether the project will contribute to the improvement of existing public infrastructure and services.

The project includes improvements to public infrastructure through the extension of City water and sewer service, improvements to the existing private driveway, and the addition of an emergency vehicle turnaround. These improvements enhance safety and provide reliable infrastructure for future residents.

I. IMPACTS UPON WATER SUPPLY, AVAILABILITY AND CONSERVATION METHODS For example: conservation and mitigation measures; efficient use of distribution lines and resources; effect of construction or use of the project on water quality and supplies.

The proposed homes will connect to City water service. Water use will comply with City requirements, and water-efficient fixtures and landscaping practices will be used as required. New water infrastructure will be extended to serve the proposed lots.

J. EFFECT ON THE OPPORTUNITIES FOR COMMUNITY INTEGRATION AND SOCIAL BALANCE THROUGH MIXED LAND USE, PEDESTRIAN ORIENTED DESIGN, AND LINKAGES AMONG NEIGHBORHOODS AND RECREATIONAL ACTIVITY AND EMPLOYMENT CENTERS For example: how the project improves opportunities for community integration and balance through mixed land uses, neighborhood centers and/or pedestrian-oriented design.

The project reflects the Romero family's long-standing commitment to the neighborhood by creating opportunities for future generations to remain part of the community while continuing to invest in and care for the property.

K. EFFECT ON SANTA FE'S URBAN FORM For example: how are policies of the existing City General Plan being met? Does the project promote a compact urban form through appropriate infill development? Discuss the project's effect on intra-city travel and between employment and residential centers.

The project makes efficient use of existing streets, utilities, and public services while supporting the City's goals for thoughtful residential development within established neighborhoods.

L. ADDITIONAL COMMENTS (Optional)

The Romero family has owned and cared for this property for more than 60 years. This proposal reflects our commitment to preserving the property for future generations while making thoughtful improvements that benefit both future residents and the surrounding neighborhood. The project includes extensions of City water and sewer infrastructure, improvements to the existing private driveway, and the addition of an emergency vehicle turnaround to enhance safety and access while maintaining the residential character of the area.
