City of Santa Fe

ATTN: Katherine Christner

POB 909

Santa Fe, NM 87504-0909

SUBJ: Letter of Interest and Resume

The attached resume coupled with service as a state and federal special agent have immense value to serve on the City of Santa Fe Public Service Committee. Teamwork is crucial for city services and must recognized in the plethora of duties with community policing, training, use of force, statistics, schedules and oversight.

Silence about poor leadership, unsafe workloads, mental health and poor working conditions must be heard. Speaking up should not be career ending, everyone must have a seat at the table. The blue code of silence is ever present.

Police oversight must be given realistic attention. Training and certification must be assessed. Jail liability must be reviewed beyond inter-governmental service contracts. Santa Fe is one of not the biggest stakeholder in the Santa Fe County Detention Center.....Jail. A jail that has a stormy past and continued court settlements for jail deaths of our citizens.

My service to create, assist and recommend solutions to the governing body continues in the interest of criminal justice reform, equity and inclusion.

ROMAN GARCIA
