Memorandum

Buckman Direct Diversion

Date: November 5, 2026

To: Buckman Direct Diversion Board

From: Alexis Garcia, BDD Administrative Manager

Via: Bradley Prada, BDD Facilities Manager

Re: Approval of a Professional Services contract for Buckman Direct Diversion Facility

ITEM:

Request for Approval of a Professional Services Agreement with Stantec Consulting Services. Inc. to provide Professional Engineering Services to the Buckman Direct Diversion Board, in an amount up to $1,987,563.66 plus a contingency of $200,000.00 for the total amount of $2,187,563.66 plus applicable NMGRT.

i. Request for Approval of a Budget Adjustment Resolution (BAR) to utilize Settlement Funds in the Total Amount of $2,366,671.00 for this expense.

BACKGROUND:

The Buckman Direct Diversion Board requires professional engineering services to support the continued operation, maintenance, planning, and improvement of Buckman Direct Diversion facilities and infrastructure. The proposed Professional Services Agreement will provide the BDD with access to the specialized engineering expertise and technical assistance necessary to address applicable project and operational requirements. The selection and award process is currently being completed. Once that process is finalized, the selected firm, final contract amount, applicable NMGRT, scope of services, and related funding amount will be presented to the Board for consideration. Funding for the proposed agreement is expected to come from available settlement funds. Approval of the related BAR will authorize the appropriate budget adjustment and make the necessary funds available for this expense

ACTION REQUESTED:

Approval of the Professional Services Agreement and related BAR once the award process is complete and the firm and amounts are presented to the Board.

APPROVAL:

Approved by the BDDB November 5, 2026

_____

BDDB Chair, Councilor Jamie Cassutt
