- Your Comment: I am strongly in support of the land use variance for the proposed Richards Avenue Micro Community This community will not only provide critical, life-saving housing for a few of our unhoused neighbors, it will also beautify the current vacant lot with nice, clean shelters, and a thriving community of residents who take interest and pride in their home and surroundings. This is evident in the care and cleanliness of the Arroyo-Chamiso Micro Community which has been home to formerly unhoused residents for more than two years. It is a shining success and the Richards Av. Micro Community will be an equal success built upon the ACMC. Thank you
